- an overview of the business- and governance model of the Eclipse Foundation
- selected presentations by Eclipse members about the role of Eclipse in their business

The 2-day event will be held in Esslingen, (Stuttgart) Germany, October 11-12, 2006.

Unique Opportunity

Eclipse is all about community. Contributors, adopters, add-in providers, service providers and business, all getting together, sharing their expertise, and learning from each other. Eclipse Summit will deliver networking opportunities that will lead to synergies in the community, as well as opportunities to give and receive help on specific technical issues. As a sponsor of the Eclipse Summit, you have the unique opportunity to be a part of this exciting and educational event.

Eclipse Foundation is keenly aware that the success of an event such as this depends on support from individuals, organizations, and especially, sponsors. That's where you come in . . .
