

Eclipse Foundation Board of Directors Resolution

RESOLVED, that the Board hereby instructs each Eclipse project to conform to the following requirements, and further instructs the EMO to ensure that all projects comply with these requirements in a timely manner.

- a) that each project's website must conform to the [user interface guidelines](#) established by the EMO, as updated by the EMO from time to time;
- b) that each project in the Incubator Phase (as defined in the [Development Process](#)) clearly labels itself, using guidelines as established by the EMO, as such in its website home page and on its project download page; and
- c) that each project must conform to the [project data guidelines](#) established by the EMO, as updated by the EMO from time to time.
