- Themes and Priorities

- Project Update

Europa!

- Community chose "Europa" as the release train name for June 2007 release
- "Callisto but eversomuch more-so"
    - Same projects but more
    - Same rules of engagement but more
    - Same high standards plus more higher standards

Agenda

- Europa

- **Themes and Priorities**

- Project Update

Goals for Themes and Priorities

- Themes and priorities help foster communication amongst projects and provide guidelines for relevance

- Important for communicating values with the community

- Requirements Council role is to consolidate multiple inputs
  - Add-in providers
    - Contact your board representatives or Donald Smith
  - Strategic Members
  - Analysts
  - Project PMC

T&P Available live at:
http://wiki.eclipse.org/index.php/RequirementsCouncil06TP

Categorization of Themes

- Active Themes

- Persistent and Pervasive Themes

- Deferred Themes

- In Progress Themes

Active Themes

- OS Platform Support
    - Vista, Linux, JSE6 (Mustang), Mac OS X
- RCP
- Embedded Device Software
- Technology Trends
    - Lifecycle platform, Web 2.0 and AJAX, Multi-Core and 64-bit CPU
- Scaling Up
- Enterprise Ready
    - Update Manager, Large Scale Installations, Facilitated On-Boarding
- Design for Extensibility

Persistent and Pervasive Themes

- Accessibility Compliance

- Internationalization and Localization

- Upgrade Path

Deferred Themes

- Consistent Multi Programming Language Support
