Contributors and Their Contributions

Bug	Size	Description
Benjamin Cabé (sierrawireless.com)		
222793	1.3K	Bundle-ContactAddress should generate warning if not translated Patch
233562	12.7K	Two copies of PluginSearchOperation patch
234376	3.6K	New Plug-in project with property page template uses deprecated elements patch
241145	1.0M	[refactoring] move UA code into separate plug-ins updated patch (again)
241503	761	Cycles in Dependency Graph should be resizable Patch
243625	15.3K	[Context Help Editor] Keep tags as they are when entered in Description box patch
246804	2.6K	Missing NLS message in org.eclipse.pde.internal.core.pderesources patch correcting the NLS missing key issue + default level set to ignore for errors wrt versions
247553	4.9K	Export-Package version when creating Plug-in from existing JAR archives updated patch
248417	1.0K	Manifest editor - extensions wizard does nothing Possible fix
248852	1.9K	new plugin project from JAR includes .settings dir patch
250334	4.0K	Renaming an NLS property file needs special handling with respect to the Bundle-Localization header patch to make Simon happy :)
251339	1.1K	[ds tooling] Strange label selection in Service Component editor patch
252219	1.4K	[DataBinding] [Databinding] Snippet000HelloWorld assume the Person model is a bean but it's only a POJO... patch against org.eclipse.jface.examples.databinding
252329	3.6K	Externalize Strings Wizard does not show un-externalized names of extension(-point) Patch
253076	129.8K	[UA] Javadoc erroneous for CtxHelp model classes (and perhaps some others) patch against brand new org.eclipse.pde.ua.core plug-in
253212	1.3K	[templates] org.eclipse.ui.decorators template should use FileLocator#find instead of Platform#find patch against org.eclipse.pde.ui.templates
253692	3.0K	Eclipse-BuddyPolicy content assist is broken and/or doesn't work as expected patch against 3_4_maintenance branch

254971	3.9K	[ds tooling] Service Component wizard: "Browse..." button should only allow visible types to be chosen make Simon happy :)
255326	2.1K	Unexpected warning icon on Eclipse Application launch config Main tab patch
255466	1.4K	[Forms]MessageManager.Message.equals() returns incorrect results because of missing parentheses Patch
256986	8.6K	[Templates] org.eclipse.pde.ui.newExtension extension point is not 'identifier-ready' patch
257143	1.3K	Sad typo in TypePackageCompletionProcessor patch...
259990	1.3K	CCE in PDEStorageDocumentProvider.createAnnotationModel patch
261091	1.5K	Use of Java 5 APIs patch
261404	2.7K	Search does not find references to class in plugin.xml the promised patch
261871	30.6K	Compiler warnings in N20090120-2000 updated patch
261890	1.4K	ArrayStoreException generating build script patch
261971	1.3K	Problems reported on /org.eclipse.pde.ui/META-INF/MANIFEST.MF fix
262353	1.7K	PDE's class search participant does not find all matches patch
262564	5.7K	CCE in PluginArtifactSearchHandler.execute(...) patch
262622	12.7K	3 images leaked opening service component editor patch
262885	2.1K	Tracing tab in PDE launch configs: right pane initially disabled updated patch
262977	4.7K	NPE editing external site.xml proposed patch
263807	737	Template for incremental builder with nature generates incorrect code updated patch
264176	2.0K	Java search participant does not find type reference with parameter proposed fix
264462	2.6K	Product editor loses fragment flags for unavailable fragments Patch
265532	3.2K	org.eclipse.core.runtime.Platform.knownWSValues() doesn't include cocoa patch to add cocoa to WS list
265931	6.9K	Autostart values are not persisted correctly in the product file Updated patch
265943	2.8K	DocumentElementNode: namespace prefix support is broken Patch
268123	1.7K	[ds tooling] property dialog issues patch

268363	4.0K	[product] Unable to open external .product file Updated patch
268387	2.9K	[ds tooling] new component wizard has "&" in class label Patch
268692	6.5K	Hyperlink for NLS'd strings in plugin.xml doesn't work Patch
269107	7.3K	[product] [editors] Product editor should take care of ProductModel#isEditable() patch
269252	1.9K	Filter in Plug-in Dependencies throws Problem Occured patch
273049	1.4K	[CheatSheet] Registering a cheat sheet fails with java.lang.NullPointerException Patch
273936	953	[ds tooling] editor fails when component has a factory id patch
274107	2.1K	[product] [editors] plugin_customization.ini not added to build.properties on synchronization patch
274368	1.2K	Changing Destinations enables Qualifier box in export deployable feature dialog fix
274454	2.3K	DBCS3.5:Externalize string from PDE tools for project with DBCS name results in Error patch
275215	912	org.eclipse.jdt.internal.core.util.KeyToSignature#consumeType() uses a method not available in J2SE-1.4 EE fix
298610	46	[modeling] Provide a default implementation for the ViewerFilter to be used in the EmfMasterDetailBlock comment #1
Antoine Toulmé (lunar-ocean.com)		
249313	855	[TabbedProperties] [properties.tabbed]The label on the extension point propertyTab is not marked as translatable properties.tabbed plugin tab label patch
Chris West (Faux) (goeswhere.com)		
282755	10.8K	[quick assist] "Use 'StringBuilder' for string concatenation" could fix existing misuses Actual proposed implementaiton
Prakash G.R. (gmail.com)		
210491	872	[Mac] FilteredItemsSelectionDialog can use SWT.SEARCH attribute Fix for the bug
239076	10.9K	Add an Extension Wizard for Common Navigator Patch for the bug
Prakash G.R. (in.ibm.com)		
150626	6.8K	[Import/Export] Create working sets when importing several projects. Patch v02
221980	16.6K	[Contributions] [Contributions] MenuItems with style radio are not initialized in context menu Radio State patch v02
221980	11.0K	[Contributions] [Contributions] MenuItems with style radio are not initialized in context menu Patch 01 for toggle state
226746	73.5K	[Commands] Handler updates UI using wrong selection after right-click in different view Patch v03

226746	8.0K	[Commands] Handler updates UI using wrong selection after right-click in different view Tests v02
231304	14.9K	[Contributions] Tooltip for Menu Contributions placed on toolbar: does not include keybinding sequence(inconsistency in migrating from ActionSets to MenuContributions) v04 - patch based on v03
231304	6.0K	[Contributions] Tooltip for Menu Contributions placed on toolbar: does not include keybinding sequence(inconsistency in migrating from ActionSets to MenuContributions) Test v01
238397	8.7K	[Commands] Concurrent modification possible in DefaultOperationHistory Patch v02
241849	22.2K	[Markers] Need a property tester to test the marker type of a MarkerEntry Patch with tests
246999	8.5K	[Contributions] menuContribution/dynamic element cause plugin startup Reattaching patch with Paul's suggestions implemented
246999	9.3K	[Contributions] menuContribution/dynamic element cause plugin startup Tests v03
248733	742	Expression is not evaluated at startup Patch v01
248752	41.6K	[KeyBindings] provide general platform transform for sequence modifiers in org.eclipse.ui.bindings Patch v03
249442	1.9K	[Contributions] VisibleWhen with checkedEnabled expression on menuContribution Patch v02
249574	822	[Contributions] ExternalActionManager.addPropertyChangeListener() doesn't register the ListenerList Fix for the bug
250133	26.6K	[Contexts] ContextAction's leak when hiding actions sets Patch v04
250136	12.9K	[KeyBindings] Conflicts should be accessible through API Patch v02
251001	5.7K	[Commands] Removed unused Action classes related to Update Manager Patch v01
254492	966	[Import/Export] ILeveledImportStructureProvider interface is not declared public Patch v01
254550	1.5K	[IDE] NPE in SaveAsDialog when IDE not running Patch v01
254984	15.6K	[Progress] IWorkbenchSiteProgressService's schedule(Job, long, boolean) method ignores third parameter after the first call Patch v03 + Tests
255172	16.5K	[Import/Export] Warning message in the import wizard is not so helpful Patch v04
255393	771	[Import/Export] Browse button missing for the export wizard icon field (plugin.xml editor) Patch
256556	1.0K	[Progress] Possibly broken code in DetailedProgressViewer.setFocus Patch v01
258352	8.9K	[Progress] synchronization in ProgressManager too expensive Patch v02
259821	2.7K	[Contributions] commandImages does not support 'platform:/plugin/' resource spec for icon Patch v01

259954	3.0K	[Import/Export] Warning should be displayed when no projects are available in the archive/directory Path v01
263690	9.4K	[Commands] Command that can throw a CoreException during execution is considered successfully run Patch v01
263855	9.9K	[Import/Export] [Wizards] Request Project Import Wizard allow for an initial / pre-populated path Patch v03 + tests
264845	2.1K	[Contributions] WorkbenchServiceRegistry fails with ArrayStoreException Patch v02
265159	834	[Import/Export] When user double clicks on an item in the Import Wizard 2 calls are made to showPage Patch
267408	2.9K	[Contributions] RadioState should work like RegistryToggleState Patch v01
j.o. (aol.com)		
189497	2.6K	Adding a java breakpoint exception should enable it Proposed patch
Paul Adams (ittvis.com)		
202534	501	[Dialogs] SWT error in Wizard dialog when help is displayed and "Finish" is pressed Patch for 3.4.2 - bug 202534
Heiko Ahlig (gmx.de)		
267712	11.2K	[DataBinding] add ObservableMapCellLabelProvider Example for the ObservableMapCellLabelProvider
Raji Akella (us.ibm.com)		
246285	1.9K	[Help] Null Pointer exceptions in ReusableHelpPart.java and SearchPart.java Patch
Florian Albrecht (gmx.de)		
97228	6.5K	[navigation] NLSKeyHyperlink to reveal/goto the key in the properties file editor Patch including HyperlinkDetector again
Brian de Alwis (gmail.com)		
292068	4.3K	[target] Target environment settings not persisted on Mac OS Add selection listeners to environment combo boxes
Simon Archer (us.ibm.com)		
248519	3.6K	[ds tooling] Component Definition Information -- Fields should use SWT.BORDER style Patch
248818	1.1K	Target Definition Wizard's "Initialize the file content" Group should not grab excess vertical space Patch
249255	871	[ds tooling] Cannot add a Class as a Referenced Service Patch to DSReferenceSection.java
249255	902	[ds tooling] Cannot add a Class as a Referenced Service Patch to DSEditReferenceDialog.java

224613	2.2K	Quick fix to remove empty plugin.xml should remove it from build.properties Patch to delete the plugin.xml entry from build.properties
Max Stepanov (gmail.com)		

260076	325	Infinite loop in Tree.clearCustomWidths() Patch to fix the bug
Calman Steynberg (gmail.com)		
86745	826	Tree shows horizontal scrollbar although not required Patch for the new Cocoa implementation to auto hide scrollbars in trees
210858	1.4K	Editing text has no horizontal scrollbar Patch without debug statements
Rob Stryker (jboss.com)		
243824	9.4K	[CommonNavigator] lacks table / tree-table support More full patch
250198	1.3K	[CommonNavigator] Allow CommonNavigator to be subclassed Patch
261506	1.4K	[CommonNavigator] NavigatorDNDSservice seems like it can use only interfaces CommonDropAdapter has a bad cast
Remy Suen (ca.ibm.com)		
43573	3.5K	[Contributions] Support icon in <menu> Patch to add an 'icon' attribute to the 'menu'.
85708	954	[KeyBindings] preference page: Export button is poorly named Patch to elaborate on the button's text.
175069	5.7K	[Preferences] ResourceInfoPage is not setting dialog font on all widgets Patch to use Dialog's static applyDialogFont(Control) method.
201663	1.5K	[WorkingSets] Working set selection dialog in Project Explorer has conflicting mnemonic keys Set other mnemonic keys so that they don't conflict with each other.
204879	8.5K	[LinkedResources] PathVariableDialog's button positioning is confusing Patch to implement the behaviour on the third image, putting the buttons on the same line as the 'Location' text field.
208804	1.8K	[CommonNavigator] change "Navigator" view perspective links Patch to change the perspective to point at the 'Project Explorer' as requested.
221652	1.9K	[Patch] Widgets layout on Advanced Options page in the Create Patch wizard Patch to use the same amount of vertical spacing in both groups.
221973	47.5K	Make WorkingDirectoryBlock from JDT a Debug API class org.eclipse.debug.ui.WorkingDirectoryBlock public API patch v1
238862	854	org.eclipse.ui.tests needs to set a proper JRE in its .classpath file Patch to fix the project's .classpath file.
242038	1.2K	'Organize Manifests' wizard has conflicting mnemonics Patch to use another key for the text field's mnemonic.
244303	4.0K	Export 'Team Project Set' wizard's workspace file selection user interface could be improved Patch to correct the two problems described.
244694	1.1K	Conflicting mnemonics in breakpoints export wizard Patch to correct the mnemonic conflict.
Mohamed Tarief (eg.ibm.com)		
139211	2.8K	"Open Referenced Projects" dialog pops up even when there are no referenced projects Suggested fix to the bug
174481	1.9K	[ViewMgmt] Show View dialog selects wrong entry on Enter suggested fix to the pack (2)
Tristan Tarrant (gmail.com)		

273072	14.3K	[Net] Provide native proxy support on x86_64 Linux atch which adds a x86_64 fragment and makefile for building the native library (update 1)
Patrick Tasse (gmail.com)		
282046	1.0K	[MPE] MultiPageEditorSite does not remove properly its KeyBindingService Proposed patch in MultiPageEditorSite.dispose()
Grant Taylor (ca.ibm.com)		
250107	1.5K	Build order incorrect when project is deleted comment #7
Roland Tepp (videobet.com)		
107197	5.6K	[Forms] MasterDetailsBlock should not make assumptions on the way it should be laid out. Backwards compatible patch to MasterDetailsBlock
Randall Theobald (us.ibm.com)		
247689	6.2K	performance issues in ContentDescriptionManager/XMLRootHandler revised patch
Andi Thomas (csc.com)		
231327	1.2K	Tabbing into table sets focus to first column regardless of its visibility Changes as a patch
Trevor (gmail.com)		
156152	15.8K	[Sync View] Schedule a synchronize at night Patch adds 2 checkboxes for "Immediately" and "Run Once" and fixed prior issues
Neale Upstone (nealeupstone.com)		
276068	8.1K	[JUnit] JUnit viewer doesn't recognise <skipped/> node Marks <skipped/> node as an ignored test when importing [file is mod of src from 3.6 nightly 20090905]
276068	2.9K	[JUnit] JUnit viewer doesn't recognise <skipped/> node Adds NODE_SKIPPED constant [file is mod of src from 3.6 nightly 20090905]
Raksha Vasisht (in.ibm.com)		
41702	10.1K	[call hierarchy] add ability to remove nodes from view Patch with review changes.
41702	2.7K	[call hierarchy] add ability to remove nodes from view Refined patch
44277	19.6K	[navigation] Enable CTRL-mouse navigation for implementing classes Pls take this one.
102281	29.8K	[call hierarchy] shouldn't be stopped by anonymous inner classes Patch with the fix.
120561	17.0K	[working sets] Allow to have the working sets automatically sorted in the Package Explorer Patch with review changes.
182539	12.9K	[package explorer][working sets] Offer delete on a working set The delete button is now enabled for Working Sets when set as top level elements, which helps the user to either remove or hide the Working Set(s) from the PE without having to reconfigure everytime.
190438	5.4K	[working sets] Assign Working Sets dialog forgets settings after adding and moving new working set Yep , replaced the newly created set by taking contents from getChecked() and adding newly added ws from WSCD to it.
220002	26.2K	[hovering] Add 'Show in Properties File' action to NLS key hover Patch with review changes.

254603	3.9K	[package explorer][working sets] Package Explorer should support "Show All" Working Sets Fixed. Activate newly added working sets , show in PE.
256867	2.6K	[package explorer] Assign Working Sets dialog: checking a working set should show it Fixed the NPE.
256879	3.0K	[package explorer] Assign Working Sets dialog should preserve check box setting Made the tweaks required. [The check box setting for Assign Working Sets dialog preserves the state entered by the user before OK is pressed (and not if cancel is pressed)].
258792	1.5K	[package explorer] 'Working Set Assignments' dialog no longer sorted if new ws is created WorkingSetAssignments dialog is now alphabetically sorted.
264720	2.2K	Remove duplicate creation of comparator in WorkingSetConfigurationDialog Fixed lazy loading, minor changes.
264722	13.3K	Get rid of duplicate working set comparators Made the minor changes.
265645	7.4K	Configure Working Sets Dialog: sort checkbox does not use dialog font Added ConfigureWorkingSetAssignmentAction dialog changes as well.
266442	4.7K	[navigation] JavaElementImplementationHyperlink.open() must show dialog in case of error Patch with JavaElementImplementationHyperlink.open() showing error dialog and message.
266443	1.3K	[navigation] JavaElementImplementationHyperlink does not work for method declarations Patch with the fix. Calculates the receiver type for method declarations.
266831	2.4K	[navigation] Open Implementation hyperlink should not show up for non-overridable methods Patch with the fix.
267002	1.0K	[working sets] Assign Working Sets dialog does not show new working set Pls take this one.The bug was not from 190438, but because addNewWorkingSet(workingSet), was always called before manager.addWorkingSet(workingSet) when new working sets were created. Swapped them.
267358	1.4K	[package explorer][working sets][dnd] When sorted, should not show drop target for WS Patch with the fix.
267369	26.4K	[navigation] 'Open Implementation' should also be available as command Patch with review changes.
267682	1.4K	[navigation] 'Open Implementation' on super method invocation should not open quick type hierarchy Patch with the fix.
267829	5.6K	[working sets] [package explorer] Working sets not resorted when name changes Patch with the fix.
268678	3.6K	[navigation] NPE in JavaElementImplementationHyperlink Patch with added null checks.
269524	1.2K	[working sets] 'Assign Working Set...' in Package Explorer with 'Top Level Elements > Projects' throws NPE Fixed. Value of fWorkingSetModel remains unchanged.
269814	1.4K	[working sets] 'Assign Working Set...' in Package Explorer with 'Top Level Elements > Projects' shows invalid UI element Patch with added null check.
271446	8.0K	[call hierarchy] cannot restart canceled search for callers Patch with the fix.
274087	6.2K	[call hierarchy] Remember for which nodes to expand constructors Added check in EWC.
274091	4.1K	[call hierarchy] Wrong behavior of Expand With Constructors on multi-selection with parent/child FIX
277303	18.2K	[clean up] Add ISV doc for the clean up extension point Patch with review changes.

277812	24.1K	[call hierarchy] [working sets] Add F1 Help for Call Hierarchy Filters, Expand With Constructors Dialog, Working Set Configuration Dialog , Working Set Assignments Dialog Patch with review changes.
285556	2.0K	[call hierarchy] Remove from View fails if grandchild is in progress Patch with the fix.

249174	2.1K	[ds]New Service Component Wizards corrupts manifest Service-Component header Fixed Manifest updating.
249254	6.0K	[ds tooling] Provide type-specific validation of <property> element DSErrorReporter updates
249263	2.4K	[ds tooling] A missing <implementation> element should be added when the Class field is set in the form-based editor DSComponentSection updates
250042	7.2K	[ds tooling] Validate <service> element New Messages
250333	1.2K	[ds] DS page should remove <service> element when the user removes the last <provide> interface DSProvideSection updates
253635	13.1K	[ds tooling] Service Component wizard improvements DSFileWizardPage and DSNewWizard updates
253635	9.9K	[ds tooling] Service Component wizard improvements Wizard patch updates
254970	3.9K	[ds tooling] Service Component wizard: Persist "File name" field DSWizard and WizardPage updates
254972	4.4K	[ds tooling] Service Component wizard: Improve field validation DSFileWizard updates
254973	1.6K	[ds tooling] Service Component wizard: Improve the handling of the Service-Component header DSCreationOperation updates
256451	1.3K	[ds tooling] Declarative Service Builder fails if property type attribute is not set Fixed the Last Patch
256451	896	[ds tooling] Declarative Service Builder fails if property type attribute is not set Fixed
Stefan Röck (cas.de)		
206306	15.4K	[pde viz] Turn around dependencies Further improvements
256889	5.2K	[Viewers] [table] IAE (Index out of bounds) after selecting rows in virtual TableViewer Testcase for bug
270864	1.1K	[pde viz] Dependency between fragment and host not shown Patch proposal
Richard Höfter (web.de)		
203522	63.2K	Export Ant buildfiles: Including a user specific buildfile in build.xml doesn't work Fixed source

bartosz michalik (gmail.com)		
240737	28.7K	[product] be able to set start levels on a product gui change
Jordi Böhme López (eclipsesource.com)		
199022	3.5K	Update manager Digest generates invalid xml Patch against org.eclipse.update.core
sheila (cn.ibm.com)		
259545	13.4K	[Webapp] API to allow user defined filters to process the files sent from the server Patch for adding extra filters
srikanth (in.ibm.com)		
99399	30.0K	[1.5][assist] Code assist propose final classes in methods type parameter extends clause Revised patch
171136	6.5K	[buildpath] Illegal type of archive for required library is an incorrect message. Proposed patch
228845	6.2K	[hierarchy] Type hierarchy should include subtypes in primary working copies Patch incorporating review comments
232816	30.5K	[buildpath] Misleading problem text for missing jar in user library Patch with linux failure & review comment addressed.
234609	30.4K	[dom] BindingKey#toSignature() fails with key from createWilcardTypeBindingKey(..) Patch with API name finalized
252555	6.4K	[javadoc] NPE on duplicate package-info Patch with cleanups.
252555	6.4K	[javadoc] NPE on duplicate package-info Patch for backport to 3.4.2
258145	4.5K	Fup of bug 252555, JME is thrown when package-info.java exists twice in the same project Modified patch
261594	3.2K	Adjust code to new PRE_REFRESH semantics proposed fix & test
264991	5.6K	Wrong 'unused' problem reported Interim patch
265142	16.9K	Compiler fails to warn on unused constructors of private classes. Patch with review comments incorporated
265571	3.8K	Abstract method that is not directly used is flagged as unused Proposed patch & test
