 - hello

```
1 // package Prog1Tools;
2
3 public class Hallo {
4
5     public static void main(String[] args) {
6
7         system.out.println("hallo Heidelberg");
8     }
9
10 }
11
```

Console

```
<terminated> Hallo [Java Application] C:\Program Files\AdoptOpenJDK\jdk-8.0.212.03-hotspot\bin\javaw.exe (25.06.2019, 20:27:00)
Fehler: Hauptklasse Prog1Tools.Hallo konnte nicht gefunden oder geladen werden
