Approval of minutes from February 24, 2022 meeting

- Approved

Marketplace Update

- Documentation for the marketplace is now in place (asciidoc)
 - <https://eclipsefdn-adoptium-v2.netlify.app/docs/marketplace-guide/>
 - <https://eclipsefdn-adoptium-v2.netlify.app/docs/marketplace-listing/>
- API has been implemented and trialed.
- WG members are encouraged to read the docs above (JSON data can be shared with the API team today for verification).
- Tools can be used to parse vendor JSON before submitting it.
- A marketplace implementation workshop was suggested.
- Vendor support timelines were discussed, we don't want to show unsupported builds alongside supported builds.

Website V2 Update (staging site)

- Website V2 was demonstrated to the group.
 - It was requested that infra sponsors be added to the sponsors page.

Adoptium Secure Software Development Framework

- The program plan described the secure supply chain strategy.
- Issue [#120](#) is being used to track this.
- Driven by the US Government NIST policy.

Community Manager Hiring Update

- A status update was given regarding the community manager job posting
