Minutes of Meeting

Crystal Project

- Project participation would be desirable
- Currently the German budget is exhausted
- Oliver Lobisch and Oscar Slotosch contact Prof Josko from Offis (German Project Coordination) to clarify the possibility to participate in the project

Activities:

- Meeting with BMW to discuss further steps and continue evaluation of the concept (Validas)
- Webex-Demonstration of the Tool Chain Analyzer (Validas) on a WP5 Telco in September (probably 19th of September)

Next steps:

- Checking opportunities to provide resources outside of the Crystal project

Activities until the next meeting
