Working Groups

User-Led Consortia

- Eclipse Industry Working Groups (IWG) allow organizations to collaborate and innovate on the creation of technology, specifications and best practices for a specific industry or market.
- Eclipse Industry WG provide:
 - The legal agreements to share intellectual property rights.
 - The ability to pool resources to create new technology and standards.
 - IT infrastructure to facilitate collaboration between a distributed team.
 - A governance model and process to ensure a level playing field
 - A technology platform

Open Source Platforms

- Open Source development model encourages open innovation
 - Openness, Transparency, Meritocracy
 - Anyone can participate
- Open Source licensing allows competitors to collaborate on technology
 - No requirement for royalties.
 - No single control point of intellectual property
- Open Source business model encourages rapid adoption of technology
 - It is free and easy to access

Maturity Model
