## Approve Minutes of Mar 4, 2025 Meeting

- *Motion: Approve Minutes of March 4, 2025. XYZ moves and DEF seconds. No objection to unanimous approval.*

*RESOLVED, the Steering Committee unanimously approved the Minutes of March 4 2025*

### **No Quorum**

- We have no quorum this time, so approving the meeting minutes is delayed until the next meeting.

### **Summary from Thomas**

- Notes can be found here:  Eclipse IDE Program Manager actions follow-up
- Call to Action: if you have colleagues from Bangalore, send them the link to the Eclipse IDE Meetup:  
<https://www.eventbrite.com/e/eclipse-java-ide-open-community-meetup-tickets-1276555494849>
- Call to Action: who would like to work on the Sponsorship topic? (Olivier + Manoj raised hands)

### **Additional insights from Olivier (from Devnexus)**

- People prefer 3 month release cycle
- IntelliJ mostly used for web-based projects
- List of fixed vulnerabilities for each release could be interesting

### **Open Eclipse Community Meetup**

- In case you are interested in organizing a local Eclipse community meetup: Thomas has slides for that:  
[https://docs.google.com/presentation/d/1SPQCORIK3ajgXImcAPpPlsaQg\\_QsA2OZ/edit#slide=id.g2fa5dbfd1b5\\_0\\_3](https://docs.google.com/presentation/d/1SPQCORIK3ajgXImcAPpPlsaQg_QsA2OZ/edit#slide=id.g2fa5dbfd1b5_0_3)
- Another one planned in Bangalore (by Manoj)

### **Webinar proposals**

- Still open question of what exactly we should do
- Mixture of showing results and raising awareness (don't call it "raising the alarm")
- Targeting end of April (really means week 18)

### **Initiative 31**

- Max gives a quick summary, Heiko becomes a bottleneck if so many requests regarding architecture, process and reviews are only routed to him

- We need to find someone else to step up and help Heiko to drive this

#### **Java 24**

- Manoj mentions that Java 24 support for Eclipse will hopefully be released tomorrow (March 19)
