- *Motion: Approve Minutes of January 7, 2025. Martin moves and Jörg seconds. No objection to unanimous approval.*

RESOLVED, the Steering Committee unanimously approved the Minutes of January 7 2025.

Open Innovation Network

Frédéric Desbiens presented the importance of the Open Innovation Network (OIN) which helps members reduce patent risks. He suggested to register the latest IDE components OIN .

Sponsorship update:

- Thomas briefly presented EF activities for sponsorship

- Proposal: Eclipse plug-in with a "donate" view showing up at IDE startup in any of the view stacks

- More details
https://github.com/eclipse-simrel/.github/blob/main/wiki/Planning_Council/2025-01-08.md

- e.g. making "sponsor" call to action on website as visible as "download" call to action

- Thomas invited everybody that wants to contribute to join the discussion:

- There was a suggestion to run surveys, but inconclusive

Steering Committee update :

- The Planning Council still consider #37 ECF and #17 Linux GTK 4 support as high priority but we don't have any flexibility in the Dev Funding Effort budget yet to start another contract, so:

  - Linux GTK 4 is likely to be handled directly by members of the community

- Status regarding ECF still need an update
