Minutes:

- Last Monday a successful developer workshop took place
- The DEV team uttered the wish to meet with the quality committee (during a telco). They'd like to introduce themselves and discuss the following topics:
 - Where lies the focus of the QC?
 - What are we're currently working on?
 - Concerning which topics would we like to be asked in advance?
- Next step would be to find a time and date for such a meeting. In the next two weeks the QC members should also come up with suggestions.
- The DEV team is posting their meeting minutes and dev issues on the mdmbl-dev mailinglist. To subscribe use this link: <https://dev.eclipse.org/mailman/listinfo/mdmbl-dev>
