Alexander Eliseev	TÜV SÜD Auto Service GmbH	
Dr. Stefan Schoenawa	VW AG on behalf of VW GoA	X
Gwendal Lucas	VW AG on behalf of VW GoA	X
Jason Gainey	VWGoA	

Topics:

In this meeting the openPASS WG discussed the release planning for v0.8. The plan is to have multiple small commits and a final commit which concludes the v0.8. As a result, multiple reviews for each commit are being made and one final review before the release of v0.8.

The new release date is set to end of June. The final PR should be mid Mai. As a result, 6 weeks are planned for the total review.

With the use of GitLab a new branch infrastructure can be introduced. Instead of having multiple branches each titled with a company name, the branches should be named after the issue which is being addressed within the branch.

A feature branch with the documentation is created.

BMW and ITK are in exchange regarding dependency management. Discussions are being made in the GitLab issue.

A new issue „obsolete outdated methods are removed" is created by Dmitri.
