- RESOLVED, the Steering Committee approves the working group charter as presented.

#### Minutes of January 18, 2020

- Resolved, the Steering Committee approved the December 18, 2020, Minutes

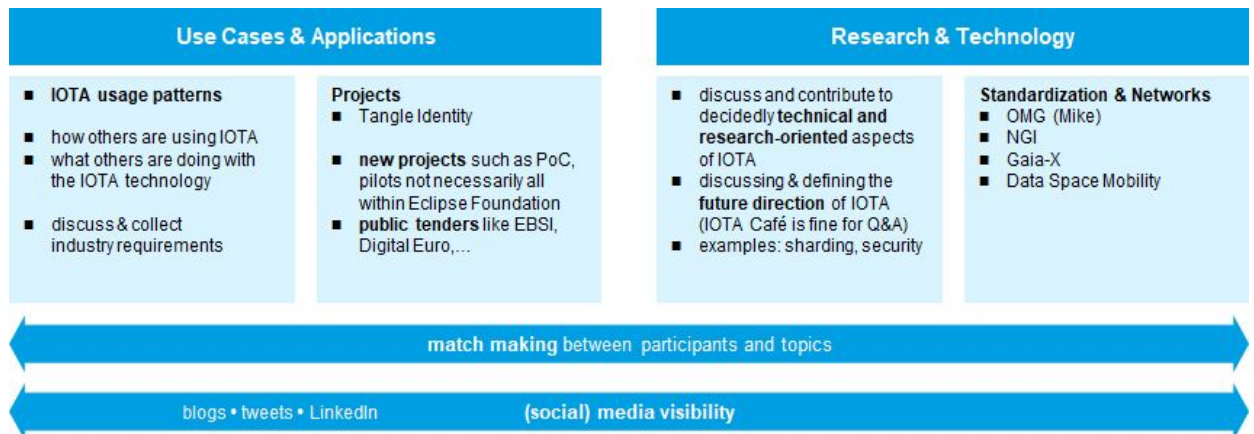

#### EBSI Update:

- EBSI Proposal entails three project phases

#### Reorganization of TangleEE Working Groups

- The Marketplace Project will be placed on pause.
- Identity Working Group focus: more specific projects with a position paper and proof of concept  
Action: Organise a meeting between Laura, Navin, and Jelle (+/- Christoph) to discuss Identity projects (COVID-19 Vaccination Certificates)

- Based on Membership Feedback new structure has been derived
- Objectives: Closer interaction for more focus through matching between participants and between participants and topics according to their interests.
- Thus the new structure could entail two streams
  - (1) Use cases and Applications and
  - (2) Research and Technology

- For this structure, every stream will need leaders moving things forward
- Stimulating research communication through providing a suitable forum for engagement, IOTA Café oriented approach under Eclipse as a place for engagement,
- Action: Ask the research department to setting up a forum in Tangle EE
- Proposal made to work with NGI
- Action: send invitation to NGI group to join Tangle EE (plan to set up a project and send details to Eclipse general mailing list to gauge interest)
- Invite Holger / Regine to give a talk to members

### Membership Meetings

- Schedule Membership Meeting 22nd of March

### GAIA-X and Data space mobility

- Eclipse Foundation is currently talking to GAIA-X AISBL on potential ways of cooperation
- GAIA-X relevance to Tangle EE:
  - **DLT-based DID** for IAM (identity & access management, part of the GAIA-X Federation Services).
  - **DLT-Based VCs** (verifiable claims/credentials) for self-descriptions and other attributes which need to be verifiable.
