Michael Bechauf (SAP)
Ed Cobb (BEA)
Mark Coggins (Actuate)
Boris Kapitanski (Serena)
Jonathan Khazam (Intel)
John Kellerman representing Dave Thomson (IBM)
Chris Morgan representing Tomas Evensen (Wind River)
Mike Norman (Scapa)
Mike Rank (HP)
Jim Saliba representing Rob Levy (Computer Associates)
Raaj Shinde (Borland)
David Tong (Sybase)
John Wiegand (Committer representative)
Todd E. Williams (Add-In Provider representative)
Mike Milinkovich (Executive Director)

Not in attendance

Dan Dodge (QNX)
Rich Main (Add-In Provider representative)
Jim Ready (MontaVista)

Location: Hyatt Regency Hotel, Burlingame, California.

Board Items:

A number of resolutions were reviewed and approved by the Board. These resolutions included:

- The minutes of the January 28th and February 16th phone calls were approved.
- A number of new board members were added due to the increase in the number of Strategic Developers. These include:
  - Ed Cobb (BEA)
  - Tomas Evensen (Wind River)
  - Mike Norman (Scapa)
  - Rob Levy (Computer Associates)
  - Raaj Shinde (Borland)
  - David Tong (Sybase)
- As a result of the recent elections, the following board members will begin one year terms on the Board commencing April 1st.
  - John Wiegand,
  - Kai-Uwe Maetzel,
  - Scott Lewis
  - Todd Williams,
  - Rich Main, and
  - Howard Lewis.
- As required under Section 6.7 of the Bylaws, the meeting of the Membership-at-Large on February 28, 2005 is designated as the annual meeting as required under the Bylaws.
EclipseCon 2005 Update

Mike Milinkovich provided the Board a status update on EclipseCon 2005. The key points are captured in the slides below:

- **Registrations**: sold out
- **Sponsorships**: 110% sold
- **Press**: over 30 press will attend
- **Buzz**: the buzz is good

---

**Foster the community.**
Eclipse works because of people.
Eclipse.org Website Migration Status Update

Mike Milinkovich provided to the Board a status update on the migration of the www.eclipse.org website to a new hardware and software infrastructure. The goal of the Eclipse Foundation is to dramatically improve the look-and-feel and capabilities of the website during 2005. The first step is to install and configure the new hardware which has been donated by HP, IBM, and Intel.
Issues

- No fault tolerance or high availability
  - Every server is a single point of failure
- No scalability
  - Every server is different
  - No load balancing
- Insufficient horsepower for the work we are doing
- Good news: new download page has resulted in significant (>15%) bandwidth usage reduction
  - Lesson: simple changes can have a large positive effect

New Architecture (contributed by Intel)

Planned Architecture: IBM backend, IPF II application servers
Next Steps

- Objective is to be running on new hardware by March 31st
- Starting an EMO-led team for a new software architecture and significantly enhanced capabilities
  - Denis Roy (IT), Bjorn Freeman-Benson (committer requirements), Ian Skerrett (user and member requirements), Susan Iwai (user community requirements)
- First deliverable is focused on defining process
  - How do we gather community requirements?
  - More importantly, how do we prioritize community requirements
  - Those who are willing to contribute work (as opposed to ideas) will go to the front of the queue

Financial Update

Mike Milinkovich provided the Board a status update on the finances of the Foundation.

Eclipse Foundation Financials

- Deloitte & Touche have completed their audit of the Eclipse Foundation 2004 financial statements
- Financial Result for 2004
  - Revenue: $1.5M
  - Expenses: $1.1M
- Budget for 2005 (excluding EclipseCon)
  - Projected Revenue: $2.6M
  - Project Expenses: $2.6M
Eclipse Roadmap

Membership Update

Mike Milinkovich provided the Board a status update on the marketing activities of the Foundation.

1Q 2005
- Inpriva
- Lombardi Software
- ACM Queue (associate)
- Discovery machine
- Omondo
- BEA (Strategic Developer)
- Secure Software, Inc.
- Klocwork
- ITG

Eclipse Working Groups

There have been a number of requests to the EMO to create ad hoc working groups of the members. In the December meeting, the Board authorized the EMO to support the creation of Eclipse Working Groups. Since then we have had the Eclipse Japan Working Group start, as well as a Market Study Working Group and an Embedded Marketing Working Group.
Market Study Working Group

- Market Research was #2 priority for Add-In Providers from Dallas Members meeting
- Jon Ward of IBM is leading a working group to initiate a market study.
- Evans Data has provided Eclipse a proposal for $60K to conduct this study.
- Working Group currently soliciting sponsors for the study from Member companies.
  - Interested companies: IBM, SAP, HP, Intel, TeamStudio, OC Systems, Instantiations, Genuitec

Embedded Marketing Working Group

- 8 companies have co-sponsored a booth at Embedded System Conference in San Francisco
  - QNX, TimeSys, Wind River, Accelerated, SlickEdit, RTI, Telelogic, ENEA
