GENERAL BUSINESS

Changes to the Board's Composition

Mike Milinkovich began by welcoming Andrey Loskutov to the Board, and thanked him for agreeing to serve as the interim Committer Representative on the Board, filling the vacancy due to the passing of Dani Megert.

Mike also noted that as part of implementation of the International Strategy adopted by the Board, 11 of the 14 Strategic members of the Foundation had already migrated their membership to Eclipse Foundation AISBL. Mike explained that, as a result of this migration, the Board members of these organizations were no longer serving on the Eclipse.org Foundation, Inc.'s Board. He noted his thanks to each of them, acknowledging that their contributions would continue under the Eclipse Foundation AISBL board.

Mike explained that the current elected representative members of the Board would serve in that capacity until the earlier of March 31, 2021, or if they, or their respective organization, migrated their membership to Eclipse Foundation AISBL. As a result of there being three Strategic members of the Foundation as of February 1, 2021, Mike explained there would be one elected Committer Member representative and one Contributing Member representative following April 1. Mike noted Farah Papaioannou was chosen by acclamation as the Contributing Member representative, and that elections were underway to select the Committer member representative.

Finally, Mike noted that, as part of Eclipse Foundation AISBL becoming a Strategic Foundation member of Eclipse.org Foundation, Inc., Eclipse Foundation AISBL had appointed five representatives to serve as members of Eclipse.org Foundation, Inc.'s Board. Each of these five representatives have been Board members already, formerly representing their respective Strategic member organizations. Mike thanked each of them for agreeing to serve in this new capacity.
